- Precise Thermal Break 1** Increased thermal efficiency is achieved by our conduction-resistant thermal break.
- Reinforced Mounting Steel 2** Triple-reinforced steel fold extends across the entire section for robust hardware mounting. An internal steel layer creates additional stability.
- Insulated Tongue and Groove Section Joints** Our joints are sealed with insulating foam and joint tape to reduce air flow heat loss.
- Proprietary Urethane Blend 4** Perfected over generations, our precisely engineered polyurethane outperforms its competitors in strength, energy efficiency, and density every time.
- Proprietary Safety Brackets 5** Our reinforced safety bottom brackets and red safety screws create a double layer of built-in safety for the user.
- 25 Gauge Steel 6** Our top-of-the-line 25 gauge steel is treated with 4 layers of strength and weather resistance.
